

UK eVisa: пошаговая инструкция

Пошаговая инструкция по созданию аккаунта UKVI, привязке электронной визы и проверке статуса

Актуально для сценария, показанного в приложенной инструкции GOV.UK

Интерфейс GOV.UK может меняться. Если формулировки на экране отличаются, ориентируйтесь на смысл вопроса и официальные подсказки UKVI.

Версия: август 2026

Перед началом

Подготовьте заранее

Заграничный паспорт, по которому оформлялась виза; доступ к электронной почте; мобильный телефон для получения кодов; номер визового/иммиграционного заявления (обычно GWF или UAN), если он потребуется.

Важно

Вводите персональные и паспортные данные точно по документу. Не создавайте второй аккаунт UKVI, если он уже существует.

Совет Калинка Сервис

Проходите процедуру с устойчивым интернет-соединением и не закрывайте вкладку до завершения текущего этапа. Коды подтверждения имеют ограниченный срок действия.

Как устроена процедура

1. Первичная проверка и создание аккаунта UKVI.
2. Вход в созданный аккаунт и запуск функции Link your eVisa to your account.
3. Подтверждение личности, в том числе через приложение UK Immigration: ID Check, если система предлагает этот способ.
4. Заполнение контактных данных, контрольных вопросов, декларации и отправка запроса.
5. Просмотр электронного иммиграционного статуса (eVisa).

ШАГ 1

Определите исходный сценарий

Первые экраны определяют ваш сценарий и позволяют создать учетную запись UKVI.

1. Дата последнего разрешения

The screenshot shows a GOV.UK form with a blue header. Below the header, there is a beta notice and a back link. The main question is 'When were you granted your most recent permission to come to or stay in the UK?'. There are two radio button options: 'I was last granted permission to come to or stay in the UK before 1st November 2024' and 'I was last granted permission to come to or stay in the UK on or after 1st November 2024'. The second option is selected. A green 'Continue' button is at the bottom.

Что необходимо сделать

Ответьте на три стартовых вопроса: когда было выдано последнее разрешение на въезд/пребывание; есть ли статус по EU Settlement Scheme; есть ли номер визового или иммиграционного заявления. В сценарии из исходной инструкции выбраны: разрешение выдано 1 ноября 2024 года или позже; EU Settlement Scheme - No; номер заявления - Yes.

2. EU Settlement Scheme

The screenshot shows a GOV.UK form with a blue header. Below the header, there is a beta notice and a back link. The main question is 'Do you have pre-settled or settled status through the EU Settlement Scheme?'. A subtext explains: 'If you have pre-settled or settled status through the EU Settlement Scheme, you will have received a decision letter stating this.' There are two radio button options: 'Yes' and 'No'. The 'No' option is selected. A green 'Continue' button is at the bottom.

Важно

Выбирайте ответы по своей ситуации. Не копируйте вариант со скриншота, если ваши обстоятельства отличаются.

Совет Калинка Сервис

Номер GWF/UAN обычно можно найти в переписке и документах по визовому заявлению.

3. Наличие номера заявления

The screenshot shows a GOV.UK form with a blue header. Below the header, there is a beta notice and a back link. The main question is 'Do you have a visa or immigration application number?'. A subtext explains: 'This can be from your most recent immigration application or a previous one.' There are two radio button options: 'Yes' and 'No'. The 'Yes' option is selected. A green 'Continue' button is at the bottom. Below the button, there is a link: 'Where can I find my application number?'.

ШАГ 2

Создайте аккаунт UKVI

1. Создание аккаунта

Beta This is a new service - help us to improve it by completing our [feedback survey \(opens in new tab\)](#)

Create a UK Visas and Immigration (UKVI) account

You need to create a UKVI account to:

- view your immigration status (eVisa) online
- access someone's account so you can help them get an eVisa
- act on behalf of someone who cannot manage their account. For example, a young child or vulnerable person
- confirm your identity, update your details or get proof of your immigration status

What you need

You will need to provide some information about yourself, including your name, nationality, and date of birth.

If you have either a valid passport or a biometric residence permit (BRP), you will need to have this document with you. You can use an expired BRP if it expired less than 18 months ago. You can still create an account if you do not have one of these documents.

You will need access to your email address or phone number, as we will send codes to check it is really you. If you want to give someone access to your account, you will need their email and phone number.

[Create an account](#)

Creating an account for someone else

You need their:

- date of birth
- biometric residence permit (BRP) or passport, if they have one of these

If they cannot manage their account, then you can manage their account for them. You will need to:

- confirm you have their permission to manage their UKVI account
- enter your name and relationship to them

Once you have created your account

You will need to sign in to your UKVI account to view your eVisa.

If you have a BRP number, you will need to provide this if you have not already done so. If you do not know your BRP number, you can use a visa or immigration application number instead.

We will ask you to confirm your identity. You might get access to your eVisa quicker if you use the 'UK Immigration: ID Check' app.

If you are helping someone else, use their account details to sign in. You can find their account details in the email we sent when the account was created.

[Sign in](#)

Что необходимо сделать

На странице Create a UK Visas and Immigration (UKVI) account нажмите Create an account. Если аккаунт уже был создан ранее, используйте Sign in вместо повторной регистрации.

Важно

Один человек должен использовать свой существующий аккаунт UKVI, если он уже есть.

Совет Калинка Сервис

Сохраните адрес электронной почты и номер телефона, которые будут привязаны к аккаунту.

2. Вход в существующий аккаунт

Once you have created your account

You will need to sign in to your UKVI account to view your eVisa.

If you have a BRP number, you will need to provide this if you have not already done so. If you do not know your BRP number, you can use a visa or immigration application number instead.

We will ask you to confirm your identity. You might get access to your eVisa quicker if you use the 'UK Immigration: ID Check' app.

If you are helping someone else, use their account details to sign in. You can find their account details in the email we sent when the account was created.

If you cannot sign into your account

You can [recover your account](#) if you:

- do not know the identity document or UKVI customer number you use to sign in

Below the title, it states: 'We will send a security code by text message (SMS) to this mobile phone to check you can use it. We will send a new security code every time you sign in.' It then asks for international numbers to include a '+' and country code, with an example '+39 133 45 70 90'. A text input field contains '+7911'. A green 'Continue' button is at the bottom. 3. Если SMS не приходит

The screenshot shows the 'Problems getting security codes to your phone' section of the GOV.UK website. It lists reasons why text messages may not arrive: 'a temporary problem with the phone network', 'poor mobile signal', and 'the settings on your phone'. Что необходимо сделать

После завершения процесса откройте просмотр иммиграционного статуса. На странице Your immigration status (eVisa) проверьте имя, дату рождения, гражданство, статус, даты его действия и фотографию.

Важно

Если сведения не соответствуют вашим документам или решению по визе, не игнорируйте расхождение - используйте официальные функции UKVI для исправления данных или обращения за поддержкой.

Совет Калинка Сервис

Перед поездкой повторно войдите в аккаунт и убедитесь, что eVisa отображается и связана с действующим паспортом.

После завершения

Контрольный список

Проверьте, что eVisa отображается; персональные данные и паспорт верны; доступ к электронной почте и телефону сохранен; контрольные ответы записаны в безопасном месте; подтверждение отправки сохранено.

Важно

При получении нового паспорта или изменении контактных данных обновляйте сведения в аккаунте UKVI. Используйте только официальные страницы GOV.UK для входа и управления eVisa.

Совет Калинка Сервис

Перед поездкой заранее проверьте вход в аккаунт и отображение статуса. Не оставляйте эту проверку на день вылета.
